- Just moved here, very friendly. Good eating & shops & good schools
- lovely, Main Street is great, lots of great places to eat & shop
- Good place to live, charming
- Unification of the Two Councils, North & South should be considered only if the people of both communities desire this
- more pedestrian crossings especially at St Quivox Road
- Great wee place to live for all ages! Cobble the high street & encourage less flow of large vehicles along the high street. Develop the sea front with more toilets and shelters
- better pavements
- develop the history more, museum in Prestwick
- Costs (?)
- Prestwick is a great place to live, Keep open Prestwick Pool is important, Good Street lighting, local 'bobbies on the beat' is important
- Prestwick is a good place to live. The beach, shops, parks and public transport & accessibility to public services, groups and activities for toddlers & children. Also swimming
- Prestwick would benefit from more funding if possible. I would like to see more groups for children and more events & support for individuals with mental health
- We love Prestwick! Thanks for all your hard work
- Beach cleaning very poor compared to Ayr & Troon, North beach (north of old swimming pool) needs immediate attention as sand dunes are forming on promenade by old go-kart track. Road resurfacing far, far too SLOW!
- Great place
- Putting open more, Provide for campervans & motor homes and charge but give discounts when spending money in local shops
- No parking charges
- Shops and area needs to continue as great environment & don't want parking charges to waste this
